

CARGO CONFIGURATION

- 1 At least one side of each box or other cargo item needs to be exposed to one or more aisleways.
- 2 The bottom of the highest stacked box or other cargo item should not exceed 5 1/2 feet (66 inches) above floor level.
- 3 If the cargo containers are such that the Security Police Officer cannot locate adequate search areas, the Security Police Officer will inform the driver of the vehicle they are unable to perform the necessary search and the vehicle will not be allowed on-site access to the Laboratory for final delivery.
