Arbitration shall be in accordance with the then current Rules of Conciliation and Arbitration of the International Chamber of Commerce. In the event mediation or arbitration is agreed upon, the site of the proceedings shall be mutually agreed upon by Seller and Company. Costs shall be mutually shared by Seller and Company and it is agreed that there shall be no pre-decisional interest costs, and each party shall bear its discretionary costs.

**5 ACCEPTANCE OF TERMS AND CONDITIONS**

**Seller, by signing this Agreement, or delivering the supplies or performing the services identified herein, agrees to comply with all the terms and conditions and all specifications and other documents that this Agreement incorporates by reference or attachment. Company hereby objects to any terms and conditions contained in any acknowledgment of this Agreement that are different from or in addition to those mentioned in this document. Failure of Company to enforce any of the provisions of this Agreement shall not be construed as evidence to interpret the requirements of this Agreement, nor a waiver of any requirement, nor of the right of Company to enforce each and every provision. All rights and obligations shall survive final performance of this Agreement.**

**6 ASSIGNMENT AND SUBCONTRACTING**

(a) Neither this Agreement nor any interest therein nor claim thereunder shall be assigned or transferred by Seller except as expressly authorized in writing by Company. Company may assign the whole or any part of this Agreement to the U.S. Government or its designee.

(b) Seller shall not issue lower-tier arrangements for any portion of the work hereunder without the prior written approval of Company. When requesting such approval, Seller shall furnish Company with the name of the proposed lower-tier organization, a description of the work proposed to be performed, and such other information as Company shall require.

**7 PAYMENT**

Unless otherwise provided, terms of payment shall be net 30 days from the latter of (1) receipt of Seller's proper invoice, if required (unless such invoice is not approved), or (2) delivery of supplies/completion of work if invoice is not required. The form for enrolling is available at <http://web.ornl.gov/adm/contracts/eft.shtml>. Payment shall be deemed to have been made as of the date the electronic funds transfer was made. If the appropriate IRS form is not received, payment may be delayed or applicable IRS percentage may be withheld from

invoice payment.

#### **8(a) COMPLIANCE WITH LAWS**

- (a) Seller shall comply with all applicable United States Federal laws and regulations and such compliance shall be a material requirement of this Agreement. Seller shall, without additional Company expense, be responsible for obtaining any necessary licenses and permits.
- (b) Seller shall include this clause in all subcontracts, at any tier, involving the performance of this Agreement.

#### **8(b) FINES AND PENALTIES**

In the event that any actions that result in fines and/or penalties are taken against Company or the Government for a regulatory and/or permit noncompliance that resulted from a failure of Seller to perform in accordance with this Agreement Seller shall reimburse Company or the Government for the amount of the resultant fine and/or penalty including the cost of any additional work required as a result of the enforcement action to the extent caused by Seller's and its lower-tier subcontractors' negligence and/or failure. Company may withhold such amounts from the future payment due Seller.

#### **9 TERMINATION FOR DEFAULT**

(a) Company reserves the right to terminate this Agreement for default, in whole or in part, if Seller (1) fails to supply enough properly skilled workers or proper materials or equipment so as to endanger performance of this Agreement; (2) fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between the Seller and the subcontractors; (3) disregards applicable laws, orders, regulations, rulings, or instructions of the Company; (4) fails to adhere to the time specified in this Agreement for performance of services or delivery of supplies; or (5) fails to comply with any of the material terms of this Agreement. In that event, Company shall not be liable for any services or supplies not accepted. The Company's right to terminate this Agreement under (1), (2), (3), or (5) of this paragraph (a) may be exercised if the Seller does not cure such failure within 10 days after receipt of notice from the Company specifying the failure. If Company terminates this Agreement in whole or in part, it may acquire, under the terms and in the manner it considers appropriate, supplies or services similar to those terminated, and Seller will be liable to Company for any excess costs for those supplies or services.

(b) If this Agreement is terminated for default, Company may require Seller to deliver to Company any supplies and materials, manufacturing materials, and manufacturing drawings, and contract rights that Seller has specifically produced or acquired for the terminated portion of this Agreement. Company shall pay the agreed-upon price for services performed and accepted in addition to completed supplies delivered and accepted. Company and Seller shall agree on the amount of payment for all other deliverables.

(c) Except for defaults of sub-tier subcontractors, Seller shall not be in default because of failure to perform if the failure arises from causes beyond Seller's reasonable control and without its fault or negligence. Seller will not be deemed to be in default for failure to perform caused by the failure of a sub-tier subcontractor if the failure was beyond the control of both Seller and sub-tier subcontractor and without the fault or negligence of either; however, Seller will be in default if Company directed Seller to purchase these supplies or services from another source and Seller failed to comply. A termination which was originally determined to be for default shall be treated as a termination for convenience if the Seller was not in default.

(d) The rights and remedies of Company in this clause are in addition to any other rights and remedies provided by law or under this Agreement.

#### **10 TERMINATION FOR CONVENIENCE**

Company reserves the right to terminate this Agreement, or any part hereof, for the convenience of itself or the Government. In the event of such termination, the Procurement Officer shall deliver a notice specifying the extent of the termination and its effective date. Seller shall immediately stop all work terminated and shall immediately cause any and all of its affected suppliers and subcontractors to cease work. Subject to the terms of this Agreement, Seller shall be paid a percentage of the price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that Seller can demonstrate to Company's satisfaction using its standard record keeping system, have resulted from the termination. Seller shall within 6 months of the effective date of the termination submit a final settlement proposal to Company. Seller shall not be paid for any work performed or costs incurred which reasonably could have been avoided. The cost principles and procedures of Part 31 of the Federal Acquisition Regulation, as supplemented by Part 931 of the Department of Energy Acquisition Regulation, in effect on the date of this Agreement, shall govern all costs claimed. In no event shall the agreed amount exceed the total price of the Agreement.

#### **11 CHANGES**

(a) Company may at any time, by written notice, make changes within the general scope of this Agreement in any one or more of the following: (1) description of the work to be performed; (2) time of performance; (3) place of performance; (4) method and manner of performance; (5) the amount of work to be furnished; (6) drawings, designs or specifications; and (7) time and place of delivery. If any such change causes a difference in the cost, or the time required for performance, an equitable adjustment shall be made in the price and/or delivery schedule and other affected provisions. Such adjustment shall be made by written amendment to this Agreement. Any claim for adjustment by Seller must be made within 30 days from the date of receipt of Company's change notice, although Company in its sole discretion may receive and act upon any claim for adjustment at any time before final payment. Failure to agree to any adjustment shall be settled in accordance with Part 2.

(b) Only the Procurement Officer is authorized on behalf of Company to issue changes. If Seller considers that any direction or instruction by Company personnel constitutes a change, Seller shall not rely upon such instruction or direction without written confirmation from the Procurement Officer. Nothing in this clause, including any disagreement with Company about the equitable adjustment, shall excuse Seller from proceeding with the Agreement as changed.

## **12 SUSPENSION OF WORK**

(a) The Company may, at any time, by written direction to Seller, require Seller to stop all or any part of the work called for by this Agreement for a period of 90 days after direction is delivered to Seller, and for any further period to which the parties may agree. The direction shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the direction, Seller shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the direction during the period of work stoppage. Within a period of 90 days after a stop-work order is delivered to Seller, or within any extension of that period to which the parties shall have agreed, Company shall either: (1) cancel the stop-work order; or (2) terminate the work covered by the Agreement as provided in the Termination clause of this Agreement.

(b) If a stop-work order issued under this clause is canceled or the period of the direction or any extension thereof expires, Seller shall resume work. Company shall make an equitable adjustment in the delivery schedule or Agreement price, or both, and the Agreement shall be modified, in writing, accordingly, if: (1) the stop-work order results in an increase in the time required for, or in Seller's cost properly allocable to, the performance of any part of this Agreement; and (2) Seller asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if Company decides the facts justify the action, Company may receive and act upon the claim submitted at any time before final payment under this Agreement.

(c) If a stop-work order is not canceled and the work covered by the Agreement is terminated for convenience, Company shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the Agreement is terminated for default, Company shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## **13 PROPERTY**

(a) Seller shall be fully accountable and responsible for, and shall, in accordance with sound business practice safeguard at all times any property which Seller acquires or manufactures for Company's account and any and all U.S. Government property furnished Seller by Company or by the U.S. Government for performance of this work. Such property shall be used only in performance of work as provided in this Agreement, and Seller shall deliver or dispose of such property when and as Company shall direct. Upon receipt of such property, Seller shall satisfy itself that it is of a quantity, quality, and kind fully suitable for the use indicated in this Agreement. Failure of Seller to properly inspect and reject patently defective property prior to incorporation in the work shall make Seller liable for all services and labor necessary to remedy and correct defects in the work caused thereby. Title to all U.S. Government property furnished by Company or the U.S. Government shall remain in the U.S. Government. Title to Seller-acquired property shall pass to the U.S. Government (1) on the use of such property in performance of this Agreement or (2) upon reimbursement by Company for the cost thereof as specified in this Agreement, whichever occurs first, subject to the U.S. Government's or Company's right to reject such title in the event Seller fails to deliver acceptable materials, supplies or services pursuant to this Agreement. Upon such rejection, Seller shall immediately refund to the U.S. Government or Company, as directed, any and all moneys already paid to Seller as reimbursement for the cost of such property. With respect to U.S. Government property furnished by Company or the U.S. Government, neither the Company nor the U.S. Government shall be liable to Seller for damages or loss of profit by reason of any delay in delivery except that in case of such delay, upon Seller's written request, an equitable adjustment shall be made in delivery or price, or both, pursuant to the Changes Clause of this Agreement. Seller shall maintain adequate control records of all property to which the U.S. Government has title consistent with good business practice and as may be prescribed by Company or the U.S. Government and, if not so marked, shall cause all such property to be marked to show that it is property of the U.S. Government. Seller shall report any acquisition of property and materials not considered consumable or general office supplies, as defined in DEAR 970.5245-1 Property. Upon notification, the Seller shall provide requested information regarding Government property and materials by the requested due date (i.e. annual inventory reporting, requests for information regarding acquisitions, audits, reviews, etc.). Company and the U.S. Government shall at all times have access to the premises wherein property to which the U.S. Government has title is located.

### **(b) Loss, Destruction or Damage**

(1) Unless otherwise provided in this Agreement, Seller assumes the risk of and shall be responsible for any loss or destruction of, or damage to, property in its possession to which the U.S. Government has title, except for reasonable wear and tear and except to the extent that such property is consumed in the performance of the Agreement.

(2) Upon the happening of loss or destruction of, or damage to, property to which the U.S. Government has title, Seller shall communicate with Company and shall take all reasonable steps to protect such property, put all such property in the best possible order, and furnish to Company a statement identifying (a) the lost, destroyed, and damaged property, (b) the time, date and cause of the loss, destruction, or damage, (c) all known interests in the commingled property of which such is a part, and (d) the insurance, if any, covering any part of or interest in such commingled property.

(3) With the approval of Company after loss or destruction of, or damage to, property to which the U.S. Government has title, and subject to such conditions and limitations as may be imposed by Company, Seller shall, in order to minimize the loss to Company and the U.S. Government or in order to permit resumption of business or the like, sell for the account of Company or the U.S. Government any item of such property which Company determines has been damaged beyond

practicable repair, or which Company determines is so commingled or combined with property of others, including Seller, that separation is impracticable. Seller and Company shall attempt to agree on the value of any lost, destroyed or damaged property to which the U.S. Government has title; however, if no agreement can be reached, Company shall have the right to determine such value.

(c) Company reserves the right to vest title in Seller of U.S. Government-furnished and Seller acquired property at any time from the date of Order award to Order close-out. Prior to Company vesting title in Seller, Seller shall certify in writing that the U.S. Government property was purchased with Agreement funds or provided by Company as U.S. Government-furnished property or equipment, and that no rental use or any other charge or cost for such property shall be included in any future contract with Company or any entity of the U.S. Government.

#### **14 SELLER'S RESPONSIBILITIES**

(a) Seller shall act in performance of this Agreement as an independent contractor and not as an agent for Company or the Government in performing this Agreement, maintaining complete control over its employees and all lower-tier subcontractors. Nothing contained in this Agreement or any lower-tier subcontract shall create any contractual relationship between any such lower-tier subcontractor and the Government or Company. Seller is solely responsible for the actions of itself and its lower-tier subcontractors, agents or employees.

(b) Seller shall be responsible for all liability and related expenses resulting from (1) injury, death, damage to, or loss of property or (2) violation of Part 8, which is in any way connected with its performance of work under this Agreement. Seller's responsibility shall apply to activities of Seller, its agents, lower-tier subcontractors, or employees and such responsibility includes the obligation to indemnify, defend, and hold harmless the Government and the Company for Seller's conduct. However, such liability and indemnity does not apply to injury, death, or damage to property to the extent it arises from the negligent or willful misconduct of Company.

(c) Seller shall be solely responsible for all criminal fines and penalties assessed against Seller.

(d) If Company's costs are determined to be unallowable, its fee reduced, or it incurs any cost or damages as a result of Seller's violation of applicable laws, orders, rules, regulations, or ordinances, or the submission of defective cost or pricing data, Company may make a reduction in the corresponding amounts in Seller's price.

#### **15 INSPECTION**

The materials, supplies or services furnished shall be exactly as specified in this Agreement, shall be free from all defects in Seller's workmanship and materials, and except as otherwise provided in this Agreement, shall be subject to inspection and test by the Company at all times and places. If, prior to final acceptance, any materials, supplies, or services are found to be defective or not as specified, the Company may reject them, require Seller to correct them without charge, or require delivery of such materials, supplies, or services at a reduction in price which is equitable under the circumstances. If Seller is unable or refuses to correct such items within a time deemed reasonable to the Company, the Company may terminate the Agreement, in whole or in part, for default. Seller shall bear all risks as to rejected materials, supplies, and services, and, in addition to any cost for which Seller may become liable to the Company under other provisions of this Agreement, shall reimburse Company for all transportation costs, other related costs incurred, or payments to Seller in accordance with the terms of this Agreement for unaccepted materials, supplies, and services. Notwithstanding final acceptance and payment, Seller shall be liable for latent defects, fraud, or such gross mistakes as amount to fraud. Any test programs and procedures required by this Agreement are in addition to, and do not limit, Company's rights provided in this clause.

(e) Reports. If the Seller is required to furnish cost, funding, or performance reports, the Company or an authorized

If there is a conflict between the terms of this Agreement and said laws and policies, the Company and Seller agree to negotiate in good faith to reach an alternative means of assurance other than physical inspection or original document review. Failure to reach an agreement on an alternate means of assurance may result in termination of this Agreement.

## **28 PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA**

### **THIS CLAUSE APPLIES TO PRICING ACTIONS EXCEEDING \$700,000 IN VALUE**

(a) If any price, including profit or fee, negotiated in connection with this Agreement, or any cost reimbursable under this Agreement, was increased by any significant amount because -- (1) The Seller or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data; (2) A subcontractor or prospective subcontractor furnished the Seller certified cost or pricing data that were not complete, accurate, and current as certified in the Seller's Certificate of Current Cost or Pricing Data; or (3) Any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the Agreement shall be modified to reflect the reduction.

(b) Any reduction in the Agreement price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which -- (1) The actual subcontract; or (2) The actual cost to the Seller, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Seller; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(c)(1) If the Company determines under paragraph (a) of this clause that a price or cost reduction should be made, the Seller agrees not to raise the following matters as a defense: (i) The Seller or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the Agreement would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted. (ii) The Company should have known that the certified cost or pricing data in issue were defective even though the Seller or subcontractor took no affirmative action to bring the character of the data to the attention of the Company. (iii) The Agreement was based on an agreement about the total cost of the Agreement and there was no agreement about the cost of each item procured under the Agreement. (iv) The Seller or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Company based upon the facts shall be allowed against the amount of a contract price reduction if -- (A) The Seller certifies to the Company that, to the best of the Seller's knowledge and belief, the Seller is entitled to the offset in the amount requested; and (B) The Seller proves that the certified cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date. (ii) An offset shall not be allowed if (A) The understated data were known by the Seller to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or (B) The Company or Government proves that the facts demonstrate that the Agreement price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(d) If any reduction in the Agreement price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Seller shall be liable to and shall pay the Company at the time such overpayment is repaid --

(1) Interest compounded daily, as required by 26 U.S.C. 6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Seller to the date the Company is repaid by the Seller at the applicable underpayment rate effective for each quarter prescribed by the U.S. Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Seller or subcontractor knowingly submitted certified cost or pricing data that were incomplete, inaccurate, or noncurrent.

(ii) An offset shall not be allowed if (A) The understated data were known by the Seller to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or (B) The Company or Government proves that the facts demonstrate that the Agreement price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(e) If any reduction in the Agreement price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Seller shall be liable to and shall pay the Company at the time such overpayment is repaid --

(1) Interest compounded daily, as required by 26 U.S.C. 6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Seller to the date the Company is repaid by the Seller at the applicable underpayment rate effective for each quarter prescribed by the U.S. Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and
