COST OR PRICING DATA

Because competitive offers are being solicited, Offerors are not required to submit cost or pricing data with their offers. If, after review of offers, it is determined that there is not adequate price competition, cost or pricing data will be requested unless the price is:

(a) Based on established catalog or market prices of commercial items sold in substantial quantities to the general public; or

(b) Set by law or regulation.

If one of these two exceptions applies or if the Offeror is unwilling, in any circumstances, to submit cost or pricing data, the Offeror shall include a statement to this effect in the offer.
