

## **FOREIGN NATIONALS (August 2021)**

- (a) DOE requires prior approval for the access to DOE-owned or leased facilities, information, or technology by “foreign nationals – physically or virtually.”
- (b) DOE Order 142.3B defines a “foreign national” as a person who was born outside the jurisdiction of the United States, is a citizen of a foreign government, and has not been naturalized under U. S. law.
- (c) Offerors (or the Seller under a resulting Agreement) must provide to the UT-Battelle host organization for the work or visit, or to the Subcontract Administrator, the following information concerning each foreign national for whom approval to visit a DOE-owned or leased facility or to perform work involving DOE information or technology is requested – either physically or virtually:
  - (d)
    - a. Full name;
    - b. Date and place of birth;
    - c. Address;
    - d. Country of citizenship;
    - e. Name and address of current employer;
    - f. Purpose of visit/description of work;
    - g. Passport number, country of issue, and expiration date; and
    - h. U.S. visa number, type, and expiration date, if any.

The information should be submitted no less than 15 days prior to the visit or beginning of the work under the Agreement by a foreign national from a sensitive country. The information should be submitted no less than 5 days prior to the visit or beginning of work by a foreign national from a non-sensitive country.

Requests for approval of visit or work, either physically or virtually, by a foreign national may be denied. Denial will not constitute grounds for an equitable adjustment or constitute an excusable delay under the Agreement.
