C.) If the security requirements are changed, the Seller shall exert every reasonable effort compatible with its established policies to continue the performance of work under the Subcontract in compliance with the change in the security requirements. E.) Within 15 days of receiving the written notification of the Seller's stated inability to proceed, the Company's Procurement Officer must determine whether (1) these security requirements do not apply to this contract or (2) a mutually satisfactory method for continuing performance of work under this Subcontract can be agreed upon. If this determination is not made, the Seller may request the Company's Procurement Officer to terminate the Subcontract in whole or in part.
