

FOREIGN NATIONALS (September 2026)

- (a) DOE requires prior approval for the access to DOE-owned or leased facilities, information, or technology by “foreign nationals – physically or virtually.”
- (b) DOE Order 142.3C, Unclassified Foreign National Access Program, defines a “foreign national” as a person without U.S. citizenship or nationality (may include a stateless person).
- (c) Offerors (or the Seller under a resulting Agreement) must provide to the UT-Battelle host organization for the work or visit, or to the Subcontract Administrator, the following information concerning each foreign national for whom approval to visit or work onsite is requested:
 - (1) Full name;
 - (2) Date and place of birth;
 - (3) Address;
 - (4) Country of citizenship;
 - (5) Name and address of current employer;
 - (6) Purpose of visit/description of work;
 - (7) Passport number, country of issue, and expiration date; and
 - (8) U.S. visa number, type, and expiration date, if any.

The information should be submitted no less than 25 days prior to the visit or beginning of the work under the Agreement by a foreign national from a sensitive country. The information should be submitted no less than 10 days prior to the visit or beginning of work by a foreign national from a non-sensitive country.

Requests for approval of visit or work, either physically or virtually, by a foreign national may be denied. Denial will not constitute grounds for an equitable adjustment or constitute an excusable delay under the Agreement.
